1. In response to a request from the DD/I, I am providing you with a copy of the draft material which has gone forward to the DCI for his use in developing a final draft of testimony on 13 November before the Subcommittee on Economic Statistics of the Joint Economic Committee. It is my understanding that he will meet with [REDACTED] the author of the initial draft, on next Monday afternoon to discuss substance and rewording.

2. Second thoughts on a few points were made available to the DCI and have been introduced in ink on the enclosed. The more substantial inserts were made available to the Director, but we do not know the extent to which he intends to use them. The major insert on economic penetration was requested by the Director and is only now going forward, through the DD/I, for the Director's possible use.
